

The Griffin Family

From Athens, Alabama

Hello from *Megon, Rusty, and Jasmine Griffin* from Athens, Alabama. We are very honored that you are reading our letter and admire your courage and strength in considering open adoption. Having experienced open adoption with our daughter, we are delighted to begin this journey again and are blessed to know how rewarding this process truly is. We look forward to having you in our family to whatever degree you are most comfortable.

With love and laughter,

Megon, Rusty & Jasmine

About Us

We first met in high school fifteen years ago and quickly became high school sweethearts. After dating for five years, we got married in May 2000 and have enjoyed 10 years of wedded bliss. We are soul mates, best friends and spend all of our free time together as a family. We both grew up in large, loving families and look forward to providing our children with the same.

Rusty is a contractor with the Federal Government and a successful small business owner with a flexible schedule. Rusty loves his job because he gets to support our military. Megon is a **stay at home** mom and is looking forward to hearing two sets of giggles while sliding down our big curvy slide!

Daddy passing down his cooking skills

Our Home

Our home is located in Athens, Alabama, which is a small town close to the Alabama-Tennessee state line. Athens is small tight-knit community where everyone knows everyone. We enjoy going to a small pizza place located on our town square with our family and friends where we listen to one of our good friends, Matt, sing and play guitar. Jasmine is always up for singing a few songs with Matt and we can't wait to hear Jasmine and her little brother or sister singing a tune for all to enjoy! Our home sits on a cozy 36-acre farm, which is surrounded by green pastures and beautiful woods just waiting for more forts, tree houses, and tire swings! Jasmine loves playing on the farm, and can't wait to share her swing set and fort with her little brother or sister! Our home is considered the gathering place for our friends and family so there are always lots of barbeques, birthday parties, and get-togethers going on.

Rusty through Megon's eyes

Rusty is truly my soul mate and best friend. We share all our dreams and can talk about everything. He is the most dependable person that I know, and loves to take care of our family and spend time with our daughter. He likes to cook so he can usually be found in the kitchen or close to the barbeque smoker!

Megon through Rusty's eyes

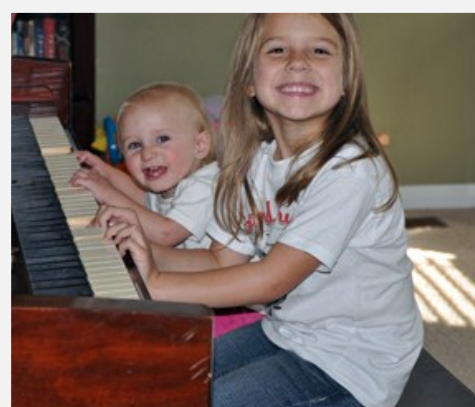

As soon as I met Megon I knew we were meant to be together. Megon is my high school sweetheart, my biggest supporter, and always encourages me in everything I do. What is most amazing about Megon is that she is a wonderful mother to our daughter Jasmine. She loves volunteering with activities that Jasmine is involved with, so most of her days are spent helping out Jasmine's kindergarten class. She loves reading and scrapbooking in her spare time, but most of all she loves being a mother.

About Jasmine

Jasmine is 5 and we were blessed with her through open adoption in 2008. We were introduced to Jasmine through family friends and we stay in contact with Jasmine's birth family and send pictures and share phone calls. She is full of energy and is very active with dance, softball, and soccer. She can't wait to teach her little brother or sister how to score a goal! Jasmine is very excited to be a big sister and has convinced some of her classmates that they want a brother or sister too!

Making beautiful music with cousin Kenlee

Our Favorite Things

One of our favorite things to do is travel and we love going to the beach and Disney World. We can't wait to have two sets of little hands covering mom and dad up with sand and building sand castles at the beach! We love to be outside cooking, fishing, playing games, and watching all of our friends and families' children playing together.

Our family also includes our dogs Max and Hooch and three cats Coca, JoJo and Elizabeth. Rusty and Jasmine love riding around the farm on the tractors and feeding "her" cows Pretty, Bossy, Flower, and Bell. We can't wait for another little farmer to help feed and pet our baby calves.

Going for a sleigh ride at Santa Village

Family

We are very lucky to have the full support and participation of our families. All of our family lives no more than 10 miles away. Megon has a large family with plenty of cousins for our children to play with. Jasmine and our niece, Kenlee, are always playing on the piano and guitar and we are so excited for a singer to join their band! Jasmine is the only grandchild on Rusty's side, so they are very excited to welcome the newest member of the Griffin clan. GG loves to cook and can't wait to see two sets of little hands making our favorite dessert, Chocolate Delight. We are all very close and have great relationships. Everyone is so excited and can't wait for us to adopt again!

We would like to thank you for reading our letter and considering open adoption. We admire your courage and strength as you decide the best future for you and your baby. We look forward to welcoming you to our family to the degree you are comfortable.

We can't wait to hear from you!
